CONWAY COUNTY HOMETOWN HEALTH COALITION MEETING August 12, 2014 Senior Adult Center

Type of meeting/ training

CONWAY COUNTY HOMETOWN HEALTH COALITION MEETING

Andrea Holland KIDS FIRST; Raymond Chambers, Arkansas Workforce and Conway Co. Care Center; ZeAndrea Anderson-LSW, KIDS FIRST; Lori Kamerling, Area Agency on Aging; Nathaniel Alexander, Community Service Inc.; Melinda Neeley, Community Service, Inc.; Jim Taylor-100 proof and OEM; Gina Robinson and Becky Spires, Morrilton Human Relations Council/Senior Adult Center.

Reports from coalition members:

Nathan from CSI reported he is starting the Arkansas Prevention Needs Assessment in the schools. The kids in grades 6, 8, 10, and 12 will be surveyed in Conway, Faulkner and Perry Counties.

ZeAndrea announced a retirement reception for Andrea Holland will be held at KIDS FIRST August 27th from 4:-00 to 6:00 p.m. Andrea announced her replacement as director will be Mark Hoelzeman, who was a former KIDS FIRST director and who is now administrator of Morrilton Medical Clinic. Mark will start October 1, 2014.

Lori Kamerling of Area Agency on Aging discussed some of their clients are reporting bed bugs in complexes for seniors in the city. Some have tried reporting it and were told they were ladybugs. Some are afraid to report in fear of losing their housing. After discussion it was suggested that the bugs be caught and preserved so they can be identified. If they are identified as bed bugs it should be brought to Mr. Upton's attention.

Gina of Sr. Adult Center announced they have a new Facebook page and asked all coalition members to "like" them on FB. They are sponsoring a beauty pageant August 30th as a fundraiser. Next Thursday they will have a "Mystery Trip" for any seniors **interested**.

Raymond reported that Workforce is ending their summer program. Next year, they plan to focus on older youth (18 - 21 yrs.) Retention in the work force gets tougher as they get older.

Jim reported 100 Proof is at its "annual lull" He says that Conway Co Office of Emergency Management will have a booth at the Senior Health Fair with storm and other safety ideas for senior citizens.

Andrea reminded everyone that Ashley Terry has obtained the DHS Snap mobile for the event. Raymond reports a booth for the Conway County Care Center and Jim reported OEM will have a booth.

The Health Department needs 2 more nurses to help give flu shots if anyone knows of someone who would volunteer. The Health fair will be held October 17th at the Senior Adult Center.

Safety Baby Shower: No one from ADH was at the meeting to report on the outcome of the TRAC meeting July 30th. Mary Eakin did report after the meeting via e-mail that when Cindy Jones and she went to the meeting, they only found out it was being rescheduled and they will be notified of the next meeting. They plan to attend it at that time. The coalition

	members are hopeful that this funding will come through as it is very important project.
	Melinda of CSI says they have 2 booths rented for the County Fair for Prevention Information. Coalition members are welcome to bring brochures for the booth. She asked that coalition members be willing to volunteer to work a shift at the fair booth. If you can work a shift please contact Melinda Neeley at 354-4589.
	The County Fair is September $3-6$.
	Andrea Holland will not be able to continue as secretary of the Coalition after this meeting. ZeAndrea Anderson volunteered to be the secretary. Thanks to Zandy for taking on this job. In the future, all announcements, etc. that coalition members want to get out to everyone should be sent to Cole-AndersonZeAndreaY@uams.edu . Next meeting date: September 9, 2014 at 3:00 p.m. at the TC Vaughn Sr. Adult Center. It is very important for everyone to be at the meeting to finalize plans for the Senior Health Fair.

ALCOHOL & DRUG PREVENTION		
BREASTFEEDING	Х	Local health unit nurse takes pictures of breastfeeding moms and their children and showcases them on a bulletin board in our clinic room. We have monthly breastfeeding support group at Open Arms Pregnancy Center.
CANCER	Х	Since April 1, 2014, 28 women have been assisted with breast health navigation services. This includes navigation and support, gasoline cards to enable breast cancer patients to get to and from treatments and other medical appointments. It also includes assistance with lymphedema supplies and referrals for screening and testing for breast cancer. Breast Friends Breast Cancer Support Group meets every second Tuesday of the month at the Madison County Health Unit at 5pm.

TEEN PREGNANCY	Х	Project FOCUS continues to work with our pregnant and parenting teens. We partner with them and give them condoms to distribute at our local high school. They refer teens to us for birth control. Currently sponsoring teen parenting classes.
TOBACCO/SMOKING CESSATION	Х	Three Madison County businesses adopted no smoking within 25ft policies: Lolos, Duramed, and Russell Cellular!

During the Terry Gilliam Golf Tournament 140 people had an increase in knowledge about the dangers of tobacco and the ill health effects it can cause. They increased in knowledge about secondhand smoke and Act 811.

During Kiwanis Kids' Night, coordinator set up a booth for the adults to play the Spin Smart game. Parents who played the Spin Smart game increased their knowledge about the ill health effects tobacco can cause. During the event 54 people signed in and from the 54, forty people took a Tobacco-free home, car & life pledge survey. Out of 40 surveys, 2 use smokeless tobacco occasionally, 1 person smokes occasionally and 10 smoke regularly. Twenty seven said they did not use smokeless tobacco or cigarettes.

Tobacco coordinator from Madison County was invited by the organization, Smart Choices, Better Decisions, to present Act 811 during a training conducted by Sr. Law Education Instructor, Dwayne Yarbrough at the Rogers Police Department. Thirteen officers and counselors were educated about Act 811 being a primary law, rules and regulations of the law and the importance of it to protect children from breathing secondhand smoke in vehicles. All who attended had an increase in knowledge about Act 811 and it being a primary law. Other topics that were discussed were harmful effects from smoking, electronic cigarettes, and emerging trends in tobacco product.

A Teacher Appreciation Day was sponsored by the Huntsville Chamber of Commerce. During this event 97 teachers and staff increased their knowledge about the appeal of little cigars and electronic nicotine devices are advertised and priced to appeal to the youth conducted by the tobacco prevention coordinator. Teachers had an increase in knowledge in how cigarette packaging has changed from a normal pack to a pack similar to the size and shape of a tube of lipstick.

Tobacco coordinator hosted a Tobacco Merchant Training at the Rogers Public Library. The tobacco merchants were educated about how to identify the buyer as 18 and older. They increased knowledge about the consequences of selling tobacco products to a minor. Coordinator educated 67 tobacco merchants about the

		variety of the candy flavors the e-cigs come in the appeal of the candy flavors to the youth. They were also educated about the placement of the product on their counters and how accessible they are to the youth.

OTHERS:	X	Madison County Resource Group received a \$1,000 grant from the Pollination Project. Ariel Nessel is founder and president of The Pollination Project, which makes \$1000 seed grants and loans to individual change-makers to make their communities and their world a better place. The Pollination Project focuses on passionate individuals working for the benefit of people, planet and animals in areas like environmental sustainability, social justice and community health and wellness. MCRG's project will be Wheels for Workers. They will give small, no-interest, loans to individuals who work, but their car has broken down. The individual will pay 10% from each paycheck back to the fund until the loan is paid off. These will all be interest free loans.
